

Mekko Chart

The Marimekko chart paints a picture of the overall market and helps to drive discussions about growth opportunities or acquisitions.

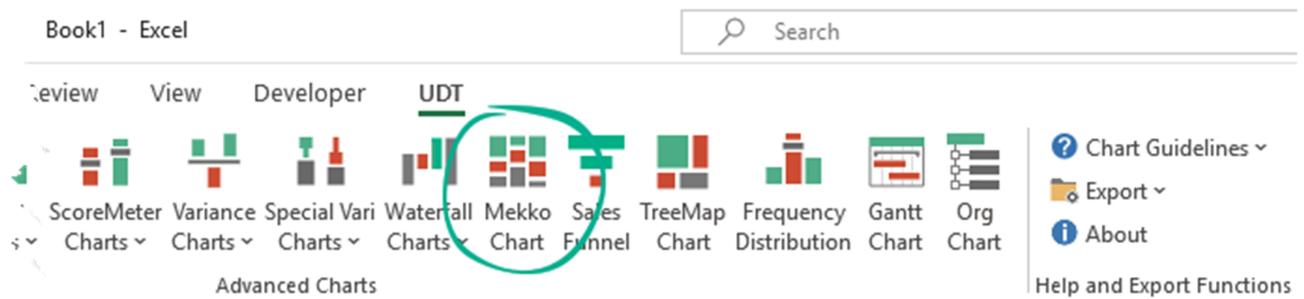

A Marimekko chart, also known as a market map, segments an industry or company by a customer or product. It makes it easy for your audience to understand the relationship between each segment or bar to the total.

How to create a mekko chart?

First, select the data range (check the included example)

	A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P
