# Ultimate Dashboard Tools 10 for Mac

Variance Charts (Section 1)

To create a variance chart, select the Plan / Actual Data range. Select the Horizontal Variance Chart Icon from the drop-down menu, then click on to chart icon.

The chart will be inserted quickly. You can change the data, and the chart will be updated in real-time.

To create Vertical variance charts, select the Plan / Actual Data range. Select the Horizontal Variance Chart Icon from the drop-down menu, then click the chart icon. The chart will be created quickly. You can change the data; the chart will be updated in real-time.
